PRINCE OF WALES' ROYAL INDIAN MILITARY COLLEGE, DEHRA DUN.

No. 2.—(1) In connexion with the admission of candidates to the Prince of Wales' Royal Indian Military College, Dehra Dun, the following information is published for the use of intending candidates :—

The College provides a public school education on English lines for Indian and Anglo-Indian youths who desire subsequently to enter a cadet college with a view to obtaining commissions in the Indian Land Forces, the Indian Air Force or the Royal Indian Navy, and making one of these services their profession in life. The course of study at the College will, however, be such that, should a boy fail in the competitive examination for admission to a cadet college or for entry in the Royal Indian Navy, he will be in as favourable a position for entry to a university as if he had been educated at an ordinary school.

(2) Candidates will be selected from unmarried Indian and Anglo-Indian boys of—

(a) Provinces of British India
(b) Indian States.

Nominations will be made by His Excellency the Commander-in-Chief on the recommendation of the Local Government or Administration or the Political Officer, as the case may be.

(3) Candidates must have attained the age of eleven years and be under twelve years on the 20th January 1937.

(4) Candidates should attach to their applications a medical certificate from the Officer Commanding a British or Indian Station Hospital or a Civil Surgeon to the effect that they are physically fit in all respects in accordance with Appendix A to this notification.

(5) The fees will be Rs. 1,500 for each school year and are liable to enhancement hereafter, if circumstances require. These fees will include tuition, messing, school servants and medical attendance of the ordinary kind, and, as initial provision, one suit of the uniform to be worn by students when at the College. Charges on account of washing of cadets' clothing and mending their clothing, boots and shoes, as well as the cost of books and stationery (which will be supplied by the College) will be met by the parents or guardians of the cadets.

In addition to the fees referred to above the parent or guardian of a cadet will be required to deposit with the College authorities, on his entering the College, the sum of Rs. 50 which will be returned when the cadet finally leaves the College provided that all dues have been paid.

In the event of it becoming necessary for cadets to be admitted into a civil hospital, all charges incurred will be borne by the parents or guardians of the cadets.

A full term's notice is required to be given of intention to withdraw a cadet from the College. In the event of such notice not being given, the parent or guardian will be required to pay one full term's fees in lieu, unless it is considered that the circumstances in which the cadet was withdrawn are such as to call for special consideration.

NOTE.—To the sons, remissions of fees have been made, in certain deserving cases, to ex-soldiers, such remissions will be discontinued until further orders, and full fees will be levied in respect of cadets who are the sons of Indian soldiers and who are admitted to the College in the future.

(6) Entry to the College will not be open to candidates who are already married

(7) Parents or guardians of candidates for admission to the College, at the time of the submission of the applications, will furnish, signed declarations (in duplicate) in the following forms:—

Fort St. George, September 4, 1936
(G.O. No. 2013, L.S.G.).

No. 1062 —

In exercise of the powers conferred by clause (h) of sub-section (2) of section 71 of the Madras Hindu Religious Endowments Act, 1926 (Madras Act II of 1927), the Governor acting with Ministers is hereby pleased to make the following amendments to the rules made under the Madras Hindu Religious Endowments Act, 1923 (Act I of 1925), and published with Local Self-Government Department Notification No. 757, dated the 10th July 1926, at pages 238 to 243 of Part I A of the *Fort St. George Gazette*, dated the 20th July 1926, as subsequently amended.—

AMENDMENTS

(1) In rule 38 of the said rules, the words 'and the officers and servants of the Board' shall be omitted.

(2) After rule 40 of the said rules, the following heading and rules shall be inserted, namely:—

Conditions of Service.

40-A (1) Save as otherwise provided in the Act, in these rules or in any other rules in force for the time being, the conditions of service of all officers and servants of the Board shall be the same as those prescribed for Government servants of similar standing and status, in the Fundamental Rules and the subsidiary rules thereunder as for the time being in force.

(2) Any powers assigned to the head of the department in the provisions applicable to such Government servants shall be exercised by the Board.

(3) In the case of officers and servants employed on or after the 6th September 1933, the Madras Leave Rules, 1933, as for the time being in force shall apply.

(4) In these rules the expression 'superior service' has the same meaning as in the Fundamental Rules.

40-B. No order sanctioning a personal allowance or an advance increment to any officer or servant of the Board shall be passed without the previous sanction of the Local Government.

40-BB. No person whose age exceeds 35 years shall be appointed to any post in the superior service of the Board without the previous sanction of the Local Government.

40-C (1) No person who has been dismissed from the service of Government or of any local authority shall be employed in the service of the Board except with the previous sanction of the Local Government.

(2) No person who has been or is convicted of a political offence or of an offence involving moral turpitude shall be employed or retained in the service of the Board except with the previous sanction of the Local Government.

40-D. (1) Every appointment to a post in superior service shall be subject to probation for a period of two years on duty within a continuous period of three years. Such probation may be either in the said post or in any other post with similar duties.

(2) The appointing authority may, before the expiry of the period of probation, for reasons to be specified in writing, terminate the probation of any person and revert him to his permanent post if he is already a permanent officer or servant or discharge him from the service of the Board in other cases.

(3) The order in which persons who are on probation and persons who have completed their period of probation shall be discharged or reverted for want of vacancies shall be as follows.—

first, the persons who are on probation, in order of juniority, and

second, the persons who have completed their period of probation, in order of juniority.

Explanation.—For the purposes of this sub-rule, juniority as between persons who are on probation shall be determined by the total length of their service which counts for probation, and as between persons who have completed their period of probation, by the dates on which the probation was completed.

(4) Persons who have been discharged or reverted for want of vacancies under sub-rule (3) shall be reappointed as vacancies arise in the inverse of the order laid down in that sub-rule.

Provided that nothing contained in this sub-rule shall be deemed to give any such person a right to be reappointed in preference to another who has been discharged or reverted later under clauses (1), (3) or (4) of sub-rule (a) of rule 40-E and who is entitled to reappointment under rule 40-G.

(5) A person who has completed his period of probation shall be confirmed at the earliest opportunity. Where there are two or more such probationers, the probationer who completed his period of probation earliest shall be confirmed first.

40-E (a) When any post or posts are abolished, persons shall be selected for discharge or reversion from the unit concerned in the following order, namely.—

(1) acting persons who have not completed their period of probation, in order of juniority;

(2) persons who have attained the age of fifty-five years, in order of age, the oldest being discharged or reverted first;

(3) persons who have completed their period of probation, in order of juniority; and

(4) permanent officers or servants not coming under category (2) in order of juniority:

Provided that no officer or servant shall be discharged on the abolition of any appointment unless he cannot be provided for otherwise.

Explanation (1).—An appointment the pay of which is reduced shall be deemed to be abolished within the meaning of this sub-rule.

Explanation (2).—The unit for purposes of selection of persons for discharge or reversion shall be the

group of holders of posts of the same grade or of higher grades, if any, to which transfers, appointments or promotions are normally made by the same authority.

Explanation (3).—For the purposes of this sub-rule seniority or seniority shall be determined—

(i) in cases falling under clause (2), according to the total length of service which counts for probation;

(ii) in cases falling under clause (3), according to the dates on which the probation was completed; and

(iii) in cases falling under clause (4), according to the position in the service list.

(5) Where a person to be discharged under clause (4) of sub-rule (a) holds a post in a grade to which promotions are normally made from a lower grade, he shall, if he so desires, instead of being discharged, be reverted to such lower grade and be placed at the top thereof and sub-rule (a) shall be applied to the selection of persons for discharge or reversion from such lower grade.

40-F. Any person who is discharged or reverted under sub-rule (a) of rule 40-E shall, within six months after the date on which he was informed of the order of discharge or reversion, be entitled to appeal against such order on the ground that that sub-rule has not been complied with, to the authority to whom an appeal from an order dismissing him would lie.

40-G. When candidates are required for appointment to any post in a unit, preference shall be given to persons discharged or reverted from such posts in the unit otherwise than under clause (3) of sub-rule (a) of rule 40-E so long as such persons desirous of such appointment are available, appointments being made in the inverse of the order in which they were discharged or reverted from such unit:

Provided that in the case of a person who did not on the date of his discharge or reversion hold the post substantively, he possesses the qualifications, if any, prescribed for the post or has, before discharge or reversion, been exempted by competent authority from the possession of such qualifications:

Provided also that if the appointing authority considers it undesirable that any specified person should be appointed under this rule, such authority may, for reasons to be recorded in writing and communicated to the person concerned, refuse to appoint him, and an appeal shall lie from such refusal as if it were an order of dismissal:

Provided further that nothing contained in this rule shall be deemed to give any person discharged or reverted under clause (1) or (3) of sub-rule (a) of rule 40-E a right to be reappointed in preference to another who has been discharged or reverted later under sub-rule (3) of rule 40-D and who is entitled to reappointment under sub-rule (4) of that rule.

40-H Any person eligible for re-employment under rule 40-G shall be entitled to appeal to the authority to whom an appeal from an order dismissing him would lie, on the ground that some person who should have been re-employed later has been re-employed before him. Such appeal shall be preferred within six months after the date on which such other person was re-employed.

40-I Reasonable notice shall be given to an officer or servant in permanent employ before he is discharged under rule 40-E. If, in any case, notice of at least three months is not given and the officer or servant has not been provided with other employment on the date on which his services are dispensed with, a compensation gratuity not exceeding his emoluments, for the period by which the notice actually given falls short of three months shall, with the sanction of the Board, be paid to him.

40-J. (1) Unless it contains an express statement to the contrary, an order for the abolition of an appointment or for the reduction of the emoluments of an appointment shall not be brought into operation before the expiry of three months after notice has been given to the officer or servant whose services are to be dispensed with, on such abolition or reduction.

(2) The president shall be responsible for avoiding any unnecessary delay in giving such notice.

(3) In the case of an officer or servant on leave, the order shall not be brought into operation before the leave expires.

T. B. RUSSELL,
Secretary to Government.

10. The knowledge of the duplicating machines mentioned above with regard to the cutting of stencil and the taking of copies on them will be demanded of candidates with effect from the examination of January 1935. They are, therefore, warned to pay adequate attention to this part of the syllabus. Candidates are expected to bring with them when they attend the Oral and Practical examinations, any one of the above duplicating machines in addition to the particular kind of typewriter which they used while answering the written test.

11. *Seats and accommodation for the candidates.*—(a) Candidates will be permitted to bring with them for their use at the examination hall their own tables, chairs or stools, if they choose, provided they take care to see that by so doing, they do not give room to the slightest disturbance being caused in the examination hall.

(b) The candidates will be allowed to take their seats in the examination hall five minutes before the appointed hour for giving out the question paper and supplied with the necessary paper for answering and get their machines ready for work with paper inserted in them and to have their register numbers at the right hand corner of their answer papers and the particular kind of Typewriter they use at the left hand corner, typed before the question paper is given to them.

12. Candidates are strictly told not to write anything on the question paper itself. Calculations or any other points they wish to note must be written on one of the blank sheets supplied to them and such sheets including the carbon papers should be left on the table. Further, candidates are strictly warned not to take carbon copies more than what is required of them in the question paper.

13. The candidates will, if necessary, be examined in *batches* but at least *every four* candidates for the Lower grade, at least *every two* candidates for the Higher grade, must have one machine among them.

14. Managers and Instructors of institutions concerned are expected to see that their pupils are supplied with Typewriting machines in proper working order.

15. Managers and Instructors will be allowed into the examination hall in the intervals between the various batches to inspect the machines and to remedy any defects. They should take care to see that they do not remain in the examination hall while the question paper is being distributed to the candidates or the examination hall or while their pupils are answering the question papers.

16. If, however, a candidate reports to the Superintendent that his machine has gone out of order, the Superintendent will intimate this to the Manager or Instructor, if he is waiting outside on the premises, and will permit such Manager or Instructor to enter the hall (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter; his conduct will be purely *ex gratia*. His whole responsibility rests on the candidate and the Manager or Instructor.

17. A similar concession will be allowed in the case of a private candidate, if he has someone outside who is willing to inspect the machine and put it right, etc.

18. *No extra time will be given to candidates to compensate for loss of time while the machines is out of order and is being put right.*

In the Mofussil.

19. Heads of Institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined should make the necessary arrangements with the Chief Superintendent concerned *four days* before the examination and furnish him with all the necessary information as to the number of candidates and machines and the time at which each batch will attend on the day fixed for the examination.

At Madras.

20. Lower Grade—Candidate's Hall Ticket.—Tickets of admission specifying the particular batch (first or second and in both in which the candidates elect to appear) will be issued on Thursday, the 29th October 1936, between 11 a.m and 5 p.m at the Office of the Commissioner for Government Examinations, Old College, Nungambakkam. These tickets should be shown at the entrance to the examination hall. Candidates who produce tickets will be admitted to the batch specified in the tickets. Candidates who do not provide themselves with tickets cannot claim to be admitted to any particular batch. They will be admitted only, if spare seats are available in the hall, i.e., after seats are reserved for those who have registered their names and obtained tickets for the batch. Candidates who do not hold tickets will accordingly have to wait at the entrance to the examination hall from the hour of commencement of the first batch and take their chance of being provided with seats in the first or in any subsequent batch. To avoid all inconvenience and possible disappointment, heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined are particularly requested to call at the office on Thursday, the 29th October 1936, with all the necessary information as to the number and name of candidates that will attend at the particular batch on the day fixed for the examination and obtain tickets of admission accordingly. *No tickets can on any account be sent by post whether to heads of institutions or to private candidates.*

21. Candidates that have each a separate machine and that do not want to be examined in batches are expected to appear for their examination with the third batch for the Lower grade. But this does not preclude them from registering their names for that batch and obtaining tickets accordingly.

22. Candidates for the *Higher grade may appear for the first or second batch at their option and no tickets accordingly are issued for this grade.*

23. Instructor's Hall Ticket.—Managers or Instructors of Institutions and other persons who wish to be allowed into the examination hall in the intervals between the examinations of the various batches to inspect the machines and remedy any defects, are requested to call at the office on Thursday, the 29th October 1936, and have their names registered. Tickets of admission specifying their names, the institutions to which they belong, etc., will be issued to them and these should be produced at the entrance to the examination hall.

Both at Madras and in the Mofussil.

Attention is particularly drawn to the following rules:—

24. No candidate will be allowed to enter the examination hall unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

25. No candidate suffering from any contagious disease will be admitted to the examination hall.

26. Candidates are expected to take their seats in the examination hall at least five minutes before the time fixed for giving out the question papers. No candidate will be allowed to quit the examination hall on any day until the expiration of half an hour from the time fixed for the commencement of the examination and candidates arriving after the expiration of that half-hour will not be admitted.

27. No candidate will be allowed to re-enter the examination hall during the hours of examination after once quitting it, nor to leave the hall without finally giving up his answer papers.

28. Strict silence should be maintained in the examination hall.

29. *No candidate will, on any account, be allowed to take into the examination hall slates, books, or portion of a book, ruled sheets, manuscripts or papers of any kind.* Any candidate detected in the violation of this rule or detected in speaking to or in any way communicating with or copying from each other and in communicating

with any other person outside the examination hall or having recourse to any unfair practices will be sent out of the hall forthwith, and his conduct reported to the Commissioner for disciplinary action. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

30. Candidates are forbidden to note down the answer to any question on the question paper itself; they will not be allowed to take any papers, except their own, out of the examination hall.

31. Candidates are forbidden to tear up paper, or to throw ink or papers on the floor. All "spoilt" copies, etc., should be left on the desk where the candidate has been writing.

32. Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instruction on the point in the examination hall from the Chief Superintendent of the examinations.

33. No candidate will be allowed to exceed the time assigned to each paper.

34. As soon as candidates have finished writing their answers and wish to give up their answer papers, or at the end of the period prescribed for each particular part of the examination, each should rise from his seat and remain standing until one of the Superintendents has gone up to him and has received his answer paper from him. Any candidate wishing to ask any question of the Superintendent will pursue the same course but will on no account leave his seat.

35. Candidates whose names are not in the printed list furnished to the Chief Superintendent must submit a written declaration through the Chief Superintendent giving full particulars as regard to themselves *including their address*, and furnish such evidence as may be possible of their having applied for admission to the examinations at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

36. Candidates are requested to note carefully the particulars printed in the nominal list and satisfy themselves whether they tally with those as given by them in their applications for admission to the examinations so that any alteration with regard to their initials, name or class of community or any other correction that may appear necessary might be pointed out by them in writing to the Chief Superintendent.

37. Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

38. The answer papers should be stitched or pinned together at the upper left-hand corner, and the whole folded into two, lengthwise (not crosswise into four). The register number, the place of examination and also for the case of the examinations in Typewriting, the name and Model number of the Typewriter used) should be written out clearly by the candidates on the top right hand side of the first page of the answer paper, as well as on the top of the paper after it is folded.

[N.B.—(1) Candidates are strictly forbidden to write or type their names on the answer papers.

(2) Candidates should distinctly understand that failure in furnish them may on all these particulars may involve the rejection of valuing their answer papers—particularly any answer paper will up without the candidate's register number and name of centre will not be valued.]

39. *Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examinations or is suspected of having had recourse to malpractices of any kind in connexion with the examination or whose answer papers contain objectionable matter, is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.*

40. Candidates are forbidden to communicate with the Examiners; should they do so, their answer papers will not be valued and further their conduct will be reported to the Commissioner for any action that he may deem fit.

41. No information can be furnished in regard to the results of a candidate in any subject or in regard to the marks obtained by him or in regard to the particular section or subdivision in which he may have failed. The names of successful candidates in each subject arranged in two classes, First and Second, will be published in the *Fort St George Gazette*. The pamphlet for each grade of a subject as published in the Gazette is complete and final. NOTE.—A detailed list showing the actual quantities in each class that will be offered for sale will be given to each bidder before the commencement of the sales.

2 The wood has been classified according to the classes noted above. Intending purchasers are advised to inspect in advance, the lots put up for sale, but they must accept the classification made in the depot as final.

3 The various classes have been stored in the sandalwood godown in lots of 10, 15 and 20 tons for convenience, but the lots so exposed will not constitute an actual lot for which bids will be accepted Each class of wood will be offered for sale separately in lots of 20, 15 or 10 tons or less if convenient, such lots merely consisting of a certain quantity of the class of wood then being sold. Bids will be per ton of each class of wood.

4. The sale will be subject to confirmation by the Conservator of Forests, Salem Circle, who does not bind himself to accept the highest or any bid.

5 Before being allowed to bid, each intending bidder must pay an earnest money deposit of Rs. 1,000. If paid in cash immediately before the sale, this should preferably be in the form of Madras notes for Rs. 1,000 or Rs. 500. A receipted Government treasury chalan for the amount will also be accepted. In the case of intending bidders who have previously bought sandalwood from the Forest department, a cheque on the Imperial Bank of India for the amount will be accepted, but the discretion to accept such cheques rests entirely with the officer conducting the sale.

6. If two or more persons in partnership attend the sale with the intention of purchasing wood jointly, only one member of the partnership will be recognised for purpose of bidding and the deposit will be accepted in his name

7. The earnest money deposit of unsuccessful bidders will be returned immediately after the sale is over, and that of successful bidders will be credited towards the first instalment of the purchase price.

9. Each purchaser shall, immediately a lot is knocked down to him, sign his name at the foot of the sale list, in the column provided for the purpose, and such signature will be held as an admission on his part of his having purchased that particular lot and of having accepted the conditions of the sale notice

9 Immediately the sale is over, each purchaser, if his offer for any particular lot has been accepted by the Conservator of Forests, will be furnished with a memorandum showing the total amount due from him. He shall remit 25 per cent of this amount, less the earnest money deposit, into the Imperial Bank of India at Vellore or Madras, within fifteen days of the commencement of the sale and another 25 per cent before the 6th January 1937, the balance of 50 per cent being paid on or before 10th February 1937 or against delivery, whichever is earlier Should any purchaser fail to make the necessary remittances by the due dates the money already remitted will lapse to Government and the District Forest Officer will be at liberty to resell the wood in question at the risk of the purchaser who shall be liable for any loss, but shall not participate in any profit which may arise by the resale

10. After 50 per cent of the entire sale value has been paid to the credit of the Forest department delivery of the sandalwood shall be made to the purchaser provided that until full payment has been made a quantity of wood equivalent to 25 per cent of the full sale value shall remain unremoved, but paid for.

11. On the purchaser's presenting challans as proof that 50 per cent of the entire sale value has been paid, a proportion of the wood purchased will be weighed in his or his agent's presence and the quantity handed over to him as provided for in condition 10 supra. If, however, proof is produced that the entire sale value has been paid, the whole sandalwood purchased will be weighed and handed over The purchaser must take delivery of and remove the whole of the wood sold to him on or before the 23rd February 1937

Should any excess over the quantity paid for be found in the quantity purchased when weighing at the time of delivery, the excess will be paid for by the purchaser at the rate at which it was originally purchased before effecting removal. If any one purchaser has purchased more than one lot or class and if there is any excess in one lot or class and deficit in the other, when weighing at the time of delivery on a particular day, the value of the deficit noticed calculated on the rate at which the main lot or class was sold will be adjusted towards the value of the excess quantity noticed in the other lot or class as the case may be, and the balance, if any, still due from the purchaser will be collected before permitting him to remove the quantity delivered during the day. If, however, the net quantity delivered results in a deficit on account of dryage over the recorded quantity at the time of sale, the value of the deficit quantity at the purchased rate will be refunded in due course.

12. The accepted bidders, when deputing their agents to take delivery, must furnish each agent with a power-of-attorney duly stamped and bearing the signature of the person as deputed A copy of the power-of-attorney must also be sent to the District Forest Officer by post, with four specimen signatures of the agent. Failing this, delivery may be refused pending verification, in which case the delay will count against the accepted bidder.

13. No further cleaning or classification of sandalwood will be undertaken by the Forest department nor will purchasers be allowed to clean any wood previous to weighment. The classification, cleaning and weighment as determined by the Forest department, must be accepted.

14 After the wood has once been weighed and handed over, if the purchaser fails to remove all the wood within the weighs allowed in clause 11 demurrage will be charged at the rate of Rs 2 per ton per diem from the last date fixed for delivery until the wood is fully removed.

15. No sandalwood shall be removed from the depot till a licence to remove it signed by the officer of the Forest department, who delivered the wood, shall have been obtained and till every piece of sandalwood that can be stamped bears the department's 'sale hammer' mark.

16. The officer conducting the sale shall be at liberty to stop the sale at any time without giving any reason to the intending purchasers

17 The wood purchased by each purchaser shall be in the depot at the purchaser's risk from the date of sale until it is removed

18. The contractor shall bear the cost of taking delivery of sandalwood.

19. Each intending bidder unless specially exempted by the Conservator of Forests, Salem Circle, Salem, on an application made in writing at least fifteen days before the date of sale, must produce a solvency certificate signed by a responsible Revenue Officer of the district in which he resides, and the District Forest Officer holding the sale may refuse to allow any bidder not so exempted to bid beyond the amount guaranteed in such certificate

20 Any supplementary conditions that may be found necessary will be added and read out at the time of auction.

21. The full quantity of wood advertised for sale will not necessarily be put up to auction.

22 Further particulars can be had on application to the District Forest Officer, Vellore West Division, Tirupattur, North Arcot.

TENDER FOR CONSTRUCTING QUARTERS FOR 1 SUB-INSPECTOR OF POLICE AND HUTS FOR 2 HEAD CONSTABLES AND 15 CONSTABLES AT MUSIRI, TRICHINOPOLY DISTRICT.

Tenders will be received by the Executive Engineer, Trichinopoly Division, at his office at Trichinopoly, up to 4 p.m. on 21st October 1938, for the work of constructing quarters for one Sub-Inspector of Police and huts for two head constables and 15 constables at Musiri.

The tender should be in the prescribed form obtainable from the Executive Engineer's office, Trichinopoly. Tenders will be opened by the Executive Engineer, on 22nd October 1938, at 3 p.m. at his office.

2. Tenders must be submitted in sealed covers, and should be addressed to the Executive Engineer, Trichinopoly Division, the name of the tenderer and the name of the work being noted on the cover.

If the tender is made by an individual it shall be signed with his full name and his address shall be given. If it is made by a firm, it shall be signed with the co-partnership name by a member of the firm, who shall also sign his own name, and the name and address of each member of the firm shall be given. If the tender is made by a corporation, it shall be signed by a duly authorised officer who shall produce with his tender, satisfactory evidence of this authorization. Such tendering corporation may be required, before the contract is executed, to furnish evidence of its corporate existence.

3. Each tenderer must pay, as earnest money, a sum of rupees three hundred and fifty into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer concerned to the credit of Revenue Deposits on behalf of the Executive Engineer of the Trichinopoly Division and produce with his tender the challan endorsed accordingly. This earnest money will be refunded to the unsuccessful tenderer on application, after intimation in case of rejection of the tender or at the expiration of two months from date of tender, whichever is earlier. This refund will be authorized by the Executive Engineer by suitable endorsement on the challan. The earnest money will not be received as cash or currency notes by the Public Works Department officers, save in exceptional cases, where there are no treasuries or banks within the jurisdiction of the officer calling for tenders. When currency notes are given, the tenderer should sign his name in full with date, on the back of all the currency notes given by him, whatever their denominations may be.

The earnest money will be retained in the case of the successful tenderer and will not carry any interest. It will be dealt with as provided in the tender.

4. When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Division office on the date fixed by me/due intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender make a security deposit of rupees three hundred in one of the forms prescribed in the Madras Public Works Account Code and sign an agreement in the proper departmental form for the due fulfilment of the contract. This security deposit together with the earnest money and the amount withheld according to clause 63 of the standard preliminary

specifications of the Madras Detailed Standard Specifications as will be pointed out on account of the due fulfilment of the contract. If a cash security deposit is made by the contractor he shall follow the procedure laid down in the preceding paragraph for payment of earnest money and such deposit will not bear interest. Failure to enter into the required agreement or to make the security deposit as detailed in this paragraph shall entail forfeiture of the earnest money.

3. The tenderer shall examine closely the Madras Detailed Standard Specifications, and also the Standard Preliminary Specifications contained therein, and upon the Departmental Officers copy of the Madras Detailed Standard Specifications and his schedule of rates which shall be duly initialled by the contractor at the time of submitting his tender must be fully acquainted with all the specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with the contract such as specifications, plans, descriptive specification sheet regarding materials, etc., can be seen at any time between 11 a.m. and 4 p.m. on office days, in the office of the Executive Engineer, Technopoly Division.

4. The tenderer's attention is directed to the requirements for materials under the clause "Materials and Workmanship" in the "Preliminary Specification". Materials conforming to the British Standard Specifications shall be used in the work, and the tenderer shall quote his rates accordingly.

5. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect quarries, and satisfy himself about the quality and availability of materials. The names of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the Descriptive Specification Sheet. The best class of materials to be obtained from the quarries or other source defined shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications, or in the tender notice, or as required by the Executive Engineer in any case shall be submitted for the Executive Engineer's approval before the supply or sale of work is begun. If the contractor, after examination of the source of materials defined in the Descriptive Specification Sheet, is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification Sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain materials subject to the approval of the Executive Engineer.

The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard "Preliminary Specifications" regarding payment of seigniorage, tolls, etc.

6. The tenderer's particular attention is drawn to the sections and clauses in the standard "Preliminary Specifications" dealing with—

(1) Test, inspection and rejection of defective materials and work.
(2) Carriage.
(3) Construction plant.
(4) Water and lighting.
(5) Cleaning up during progress and for delivery.
(6) Accidents.
(7) Delays.
(8) Particulars of payment.
(9) Baling and shoring for which no extra payment will be made.

The contractor should closely peruse all the specification clauses which govern the rates which he is tendering.

9. A schedule of quantities accompanies the tender notice. It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of the schedule and that the schedule is liable to alterations by omissions, deductions, or additions at the discretion of the Executive Engineer, Technopoly Division, or as set forth in the conditions of contract. The tenderer will, however, base his lump sum tender on the schedule of quantities. He should quote specific rates for each item in the schedule, and the rates should be in rupees, annas, and in terms of three pies. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract, and quote in the tender a lump sum, such lump-sum agreeing with the total amounts of schedule for which he will undertake to do the whole work subject to the conditions of contract. This schedule accompanying the lump sum tender shall be written legibly and free from erasures, overwritings or corrections of figures. Corrections, where unavoidable, should be made by crossing out, initialling, dating and rewriting.

10. Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in due time will be rejected. Rates or lump-sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be recognized; and, if any such alterations are made, the tender will be void.

11. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

12. The price at which and the source from which certain particular materials shall be obtained by the contractor are given at the end of the schedule accompanying the tender form. Tenderers must accept the material at these prices, and shall quote their price for finished work accordingly. Notwithstanding any subsequent change in the market value for these materials, the charge to the contractor will remain as originally entered in the written contract. No carriage or incidental charges will be borne by Government in connexion with this supply.

13. The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of progress, and the dates for the completion of the whole work and its several parts. The following rate of progress and proportionate value of work done from time to time, as will be indicated by the Executive Engineer's certificates of the value of work done, will be required. Date of commencement of this programme will be the date on which the site (or premises) is handed over to the contractor.

Three months .. .	30
Six months	90
Nine months	100

14. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney authorising others to receive payment on the contractor's behalf.

15. If further necessary information is required, the Executive Engineer of the division will furnish such, but it must be clearly understood that tenders must be received in order, and according to instructions.

16. The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

17. The qualifications of the supervising staff employed by the contractor in the execution of the work will be given due consideration in awarding the contract. The tenderers should therefore state in clear terms, whether they employ such technical staff, and if so, to give the qualifications of such staff and the extent to which they will be employed on the work.

18. The live trees standing on the ground will have to be cut by the contractor without any charge and stacked at site shown by the subordinate in charge of the work. They belong to Government and will be sold and the amount realised credited to Revenue.

19. The successful tenderer should make his own arrangements with the owners of the quarries for materials taken from the quarries.

If the tender is made by an individual it shall be signed with his full name and his address shall be given. If it is made by a firm, it shall be signed with the co-partnership name by a member of the firm, who shall also sign his own name, and the name and address of each member of the firm shall be given. If the tender is made by a corporation it shall be signed by a duly authorized officer who shall produce with his tender, satisfactory evidence of his authorization. Such tendering corporation may be required, before the contract is executed to furnish evidence of its corporate existence.

3. Each tenderer must pay as earnest money, a sum of Rs. 150 (rupees one hundred and fifty) into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer concerned to the credit of Revenue Deposits on behalf of the Executive Engineer of the Godavari Headworks Division and enclose with his tender the challan endorsed accordingly. This earnest money will be refunded to the unsuccessful tenderer on application, after intimation is sent of rejection of the tender or at the expiration of two months from date of tender, whichever is earlier. This refund will be authorised by the Executive Engineer by suitable endorsement on the challan. The earnest money will not be received in cash or currency notes by the Public Works Department officers, save in exceptional cases, where there are no treasuries or banks within the jurisdiction of the officer calling for tenders. When currency notes are given, the tenderer should get his name in full with date, on the back of all the currency notes given by him, whatever their denominations may be.

The earnest money will be retained in the case of the successful tenderer and will not carry any interest. It will be dealt with as provided in the tender.

4. When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Division office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender make a security deposit of Rs. 200 (rupees two hundred only) in one of the forms prescribed in the Madras Public Works Account Code and sign an agreement in the proper departmental form for the due fulfilment of the contract. This security deposit together with the earnest money and the amount withheld according to clause 68 of the standard preliminary specification of the Madras Detailed Standard Specifications shall be retained as security for the due fulfilment of the contract. If a cash security deposit is made by the contractor he shall follow the procedure laid down in the preceding paragraph for payment of earnest money and such deposit will not bear interest. Failure to attend the Division office on the date fixed in the written intimation from such officer to enter into the required agreement or to make the security deposit as defined in this paragraph shall entail forfeiture of the earnest money.

5. The tenderer shall examine closely, the Madras Detailed Standard Specifications, and also the Standard Preliminary Specification contained therein, and sign the Divisional office copy of the Madras Detailed Standard Specifications and its addenda volume in token of such study before submitting his tender and rates which shall be for finished work in situ. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with the contract such as specifications, plans, descriptive specification sheet regarding materials, etc., can be seen at any time between 11 a.m. and 3 p.m. on office days, in the office of the Executive Engineer, Godavari Headworks Division. A copy of the set of contract documents can also be had on payment of Rs. 2 (rupees two) for each.

6. The tenderer's attention is directed to the requirements for materials under the clause "Materials and workmanship" in the "Preliminary Specification." Materials conforming to the British Standard Specifications shall be used on the work, and the tenderer shall quote his rates accordingly.

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries, and satisfy himself about the quality and availability of materials. The names of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the Descriptive Specification Sheet. The best class of materials to be obtained from the quarries or other source defined shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications, or in this tender notice, or as required by the Executive Engineer in any case shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor, after examination of the source of materials defined in the Descriptive Specification Sheet, is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification Sheet he shall so state clearly in his tender and state wherefrom he intends to obtain materials, subject to the approval of the Executive Engineer.

The Government will not, however, after acceptance of a contract rate, pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard "Preliminary Specification" regarding payment of seigniorage, tolls, etc.

8. The tenderer's particular attention is drawn to the sections and clauses in the standard "Preliminary Specification" dealing with—

(1) Test, inspection and rejection of defective materials and work.
(2) Carriage.
(3) Construction plant.
(4) Water and lighting.
(5) Cleaning up during progress and for delivery.
(6) Accidents.
(7) Delays.
(8) Particulars of payment.

The contractor should closely peruse all the specification clauses which govern the rates which he is tendering.

9. A schedule of quantities accompanies this tender notice. It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of this schedule, and that the schedule is liable to alterations by omissions, deductions, or additions at the discretion of the Executive

Engineer, Godavari Headworks Division, or on a form in the condition of contract. The tenderer will, however, base his lump sum tender on the schedule of quantities. He should quote specific rates for each item in the schedule, and the rates should be in rupees, annas, and in sums of three pies. The rates should be written both in words and figures and the sums in words. The tenderer should also show the sums of each item and the grand total of the whole contract, and quote in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of contract, such lump sum agreeing with the total amount of schedule "A". The schedule accompanying the lump-sum tender shall be written legibly and free from erasures overwritings or corrections of figures. Corrections, where unavoidable, shall be made by crossing out, initialling, dating and recording.

10. Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in due time will be rejected. Rates or lump-sum amounts for items not called for shall not be considered in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings specifications or quantities accompanying same will be recognised, and, if any such alterations are made, the tender will be void.

11. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

12. The price at which and the source from which certain particular materials shall be obtained by the contractor are given at the end of the schedule accompanying the tender form. Tenderers must accept the material at these prices, and shall quote their rates for finished work accordingly. Notwithstanding any subsequent change in the market value for these materials, the charges to the contractor will remain as originally entered in the writ or contract. No carriage or incidental charges will be borne by Government in connexion with this supply.

13. The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of the progress, and the dates for the completion of the whole work and the several parts. The following rate of progress and proportionate value of work (sum total from zero to date), as will be indented by the Executive Engineer's certificates of the value of work done, will be required. GOVERNMENT OF INDIA.
LEGISLATIVE ASSEMBLY DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 14th September 1936 :—

L.A. BILL No. 37 OF 1936.

A Bill to amend the Indian Rubber Control Act, 1934, for certain purposes.

WHEREAS it is expedient to amend the Indian Rubber Control Act, 1934, for the purposes hereinafter appearing; It is hereby enacted as follows:— XXVIII of 1934.

1. This Act may be called the Indian Rubber Control (Amendment) Act, 1936. Short title.

2. In section 2 of the Indian Rubber Control Act, 1934 (hereinafter referred to as the said Act),— XXVIII of 1934. Amendment of section 2, Act XXVIII of 1934.

(a) in clause (c), the words "from rubber produced in India" shall be omitted;

(b) in clause (d), for the words "excluding imported rubber re-exported in manufactured articles containing rubber" the words "excluding rubber contained in imported manufactured articles re-exported" shall be substituted and for the words "excluding rubber

in manufactured articles containing rubber" the words "excluding rubber contained in imported unmanufactured articles whether or not re-exported" shall be substituted; and

(c) in clause (b), for the words "except where the word is used in Chapter IV rubber produced in India contained in any article manufactured in India" the words "rubber contained in any manufactured article" shall be substituted.

Amendment of section 12, Act XXVIII of 1934.

4. In sub-section (2) and sub-section (3) of section 12 of the said Act, for the words "the growth or produce of" the words "grown, produced or contained in an article manufactured in" shall be substituted,

Substitution of new section for section 13, Act XXVIII of 1934.

4. For section 13 of the said Act the following section shall be substituted, namely:—

Export allotments.

"13. A general export allotment, that is, the permissible maximum net exports of rubber from British India excluding Burma for any specified period expressed in terms of dry rubber, and a Burma export allotment, that is, the permissible maximum net exports of rubber from Burma for the same period similarly expressed, shall be declared from time to time by the Governor-General in Council by notification in the *Gazette of India*."

STATEMENT OF OBJECTS AND REASONS.

The Indian Rubber Control Act which implements the obligations contracted by the Government of India under the Inter-Governmental Agreement relating to the restriction of the export production and stocks of rubber, was passed in 1934 but its enforcement was held up pending the preparation of the rules and by-laws to be issued under it. Certain amendments have also subsequently been found to be necessary in order to bring the Act into conformity with the Inter-Governmental Agreement.

The Act provides for the declaration by the Governor-General in Council of export allotments for India and Burma respectively for a whole year whereas the practice of the International Rubber Regulation Committee which administers the rubber restriction scheme has been to fix the export allotments for the various contracting parties for six months or even three months. It is now proposed to amend the Act so as to bring its provisions in this respect into conformity with the practice of the International Rubber Regulation Committee.

Amendments are also required to certain definitions in section 2 of the Act so as to bring them into accord with the provisions of the Inter-Governmental Agreement.

2. The present Bill is designed to give effect to the above objects and after it has been passed it is proposed to bring the Indian Rubber Control Act into force with effect from the 1st January 1937.

SIMLA,
The 25th August 1936.

And whereas the parties to the said marriages all believed that the said Walter James McDonald Redwood was duly authorised to solemnize the same, and that such marriages were valid in law;

14. ഉൽപ്പെടുത്തിൽ ആർപ്പിച്ചുകൊടുക്കുകയോ ഭാഗം ചെയ്യുന്നതായാൽ, തറവാട്ടിൽ അപ്പോൾ ജീവിച്ചിരിക്കുന്ന എല്ലാ അംഗങ്ങളുടെയും ഇടയിൽ തറവാട്ടുക സ്വത്തുക്കൾ അതിലോഹരി ഭാഗം ചെയ്യൽ ആ താവഴിക്കോ പ്രതിനിധിയായ അംഗത്തിനോ എതു

17. ഈ ആക്ടിലെ നിബന്ധനകൾ നിറവേറുവാനായി തദ്ദേശവാസിയുടെ മരണശേഷം ആസ്തിയിന്മേൽ യോജിപ്പുള്ള ചട്ടങ്ങൾ ഉണ്ടാക്കാവുന്നതും, ഈ ആക്ടിൽ നിയമിച്ചിരുന്നാലെന്നപോലെ ഈ ചട്ടങ്ങൾക്കു, അവ ഗോൾഡ്സ്മെത്ത് ജോൺ ഗസറ്റിൽ പ്രസിദ്ധപ്പെടുത്തുന്ന തിയ്യതി മുതൽ, പ്രാബല്യമുണ്ടായിരിക്കുന്നതുമാകുന്നു.

തദ്ദേശവാസിയുടെ ചട്ടങ്ങൾ ഉണ്ടാക്കാവുന്നതു.

18. ഈ ആക്ടിൽ അടങ്ങിയ യാതൊന്നും, ഈ ആക്ടിൽ വ്യക്തമായി നിഷ്കർഷിച്ചിരിക്കുന്നതൊഴികെ 1916 ലെ 1 - ാം നമ്പർ ആക്ടിലെയോ 1926 ലെ 7 - ാം നമ്പർ ആക്ടിലെയോ നിബന്ധനകളെയാകട്ടെ വല്ല നിയമമോ നാട്ടുനടപ്പോ വഴക്കമോ അനുസരിച്ചുള്ള നിബന്ധനകളെയാകട്ടെ ബാധിക്കുന്നതായി വിചാരിച്ചുപോകുന്നതല്ല.

ഉദ്ദേശകാരണങ്ങളുടെ വിവരണം.

ഉണ്ടാക്കിയതായിരിക്കുന്നതിനാൽ അനുസരിച്ചുവരുന്ന മാപ്പിളമാരുടെ ഇടയിൽ കാരണവന്മാർ കൈകാര്യം ചെയ്യുന്നതും അവരെ നീക്കിക്കിട്ടുവാൻ അന്യായങ്ങൾ ബോധിപ്പിക്കുന്നതും ഇപ്പോൾ ഒരു പതിവായിത്തീർന്നിരിക്കുന്നു. ഇങ്ങിനെ ഒരു തറവാട്ടിലെ അംഗങ്ങൾ തമ്മിലുള്ള സ്വരച്ചേർച്ചക്കുറവു ചിലപ്പോൾ വരുന്നതുകൊണ്ടുമാത്രമല്ല, ചിലപ്പോൾ മാപ്പിള തറവാട്ടുകളുടെ ഉത്ഭവനാശങ്ങളിന്നും കൂടികാരണമായിത്തീരുകയും ചെയ്യുന്നു. അതിനാൽ കാരണവന്മാരുടെ ബാദ്ധ്യതകളും നന്നായി

വിവരിക്കേണ്ടതും അവരുടെ ഭരണത്തെപ്പറ്റിയുള്ള ശരിയായ കണക്കുകൾ അവർ പ്രചരിപ്പിക്കുന്നതിനു എപ്പോഴും ചെയ്യേണ്ടതും അത്യാവശ്യമാണു്.

മാപ്പിളമാർ ഒരു ന്യൂനപക്ഷമല്ലെന്നിരിക്കട്ടെ. എന്നാൽ മാപ്പിളമാരിൽ ഒരു വിഭാഗക്കാർ, പ്രത്യേകിച്ചു് വടക്കെ മലയാളത്തിലും തെക്കൻ കർണ്ണാടക ജില്ലയിൽ കാസർകോടു് താലൂക്കിന്റെ തെക്കെ ഭാഗത്തിലുമുള്ളവർ, ദൈനംദിനസംഗതികളിലും ഉഭയകക്ഷിയ നിയമം അനുസരിക്കുന്നവരാണെങ്കിലും അനന്തരാവകാശം സംബന്ധിച്ചു് ശരീഅത്തനുസരിച്ചുമാണു് അനന്തരവകാശം നടക്കുന്നതു്. 1918 ലെ 1-ം നമ്പർ മാപ്പിള വിൽപ്പത്രാവകാശ നിയമം 1928 ലെ 7-ം നമ്പർ മാപ്പിളമാരുടെ മരുമക്കത്തായ നിയമം ഉണ്ടാക്കുക നിമിത്തം മേല്പറഞ്ഞതിന്റെ പ്രയോഗം കുറച്ചൊക്കെയിട്ടുണ്ടെങ്കിലും, തറവാട്ടു സ്വത്തിന്റെ സംരക്ഷണത്തിൽ ചെയ്യേണ്ടുന്ന നടപ്പു് ഇപ്പോഴും സ്ഥിരമായി നിലനിന്നു പോരുന്നുണ്ടു്. ഇക്കാര്യത്തിലേക്കുടി ഇപ്പോഴുള്ള നിയമം ഉപയുക്തമായ നിയമത്തിനു യോജിച്ചവിധത്തിലാക്കിത്തീർക്കണമെന്നു പൊതുവിൽ അഭിപ്രായം ജനിച്ചിരിക്കുന്നു.

ഇത്യവസ്ഥയിലുള്ള നിബന്ധനകൾ അടങ്ങിയിരിക്കുന്ന 1933 ലെ 22-ാം നമ്പർ മദിരാശി മരുമക്കത്തായം ആക്ടു്, മാപ്പിളമാരൊഴികെ മരുമക്കത്തായ നിയമം അനുസരിക്കുന്ന എല്ലാ കുടുംബങ്ങൾക്കും സംബന്ധിക്കുന്നു. അതിനാൽ മാപ്പിളമാരെ മലബാറിലെ മറ്റുള്ള സമുദായക്കാരുടെ കൂടെയിരുത്തുന്നു കൊണ്ടുവരുവാനുദ്ദേശിച്ചിട്ടുള്ളതാണു് ഈ ബിൽ.

ഈ സംസ്ഥാനത്തിലെ കൈത്തൊഴിൽകാരുടെ തൊഴിൽ ശാലകളെ ബാധിക്കുന്നതോ ആയ കരാറിനെയും വിശ്വസ്തതയെയും സംബന്ധിച്ചു് ഇന്ത്യൻ ശിക്ഷാ നിയമത്തിലുള്ള വകുപ്പുകൾ.

ഉദ്ദേശകാരണങ്ങളുടെ വിവരണം.

കുടിക്കുറുടെ സ്ഥിതി നന്നാക്കുന്നതിനുവേണ്ടി അനേകം നിയമങ്ങൾ ഉണ്ടാക്കീട്ടുണ്ട്. എന്നാൽ കൂടിൽ വ്യവസായങ്ങളിൽ ഏർപ്പെട്ടിരിക്കുന്ന തൊഴിലാളികളെ സാമ്പത്തികമായി ചൂഷണത്തിൽ പെടുത്തി, ഇന്ത്യൻ പേനൽകോഡ് ആക്ടിലെ നിബന്ധനകൾ അവർക്കും സംബന്ധിച്ചിടത്തോളം സാദ്ധ്യമാണെങ്കിലും, അവരുടെ കാര്യത്തിൽ യാതൊന്നും ചെയ്യാതെ അവരെ ഒഴിച്ചു വിടുകയാണു് ചെയ്തിരിക്കുന്നതു്. ഗ്രാമീണവ്യവസായത്തെ ഒരു പ്രത്യേകപ്രത്തിൽ ഇന്നു എല്ലാവരുടെയും ശ്രദ്ധ ചെന്നിട്ടുണ്ടെന്നുള്ളതിനു യാതൊരു സംശയവുമില്ല. എന്നാൽ ഈക്കാര്യത്തിൽ ശരിയായ നിയമനിർമ്മാണത്തിന്റെ സഹായം കൂടാതെ പോസ്റ്റുചെയ്തിൽ യാതൊന്നും സാദ്ധ്യമല്ല.

കടിൽപ്പുവ്യവസായങ്ങളുടെ നടത്തിപ്പിനാവശ്യം വരുന്നിടത്തോളമുള്ള തെങ്കിൽ, 1934 ലെ മദിരാശി ഋണോദ്ധാരണ ആക്ടിലെ നിബന്ധനകൾ ഈ വ്യവസായങ്ങളിൽ ഏർപ്പെട്ടിരിക്കുന്ന് പ്രവൃത്തിക്കുന്നവർക്കും, അവയിൽ ഏർപ്പെട്ടിരിക്കുന്ന കുടികിടപ്പുകാരുടെ പ്രാഥമിക വിദ്യാഭ്യാസം നിർബ്ബന്ധമാക്കി 1935 ലെ മദിരാശി പ്രാഥമിക വിദ്യാഭ്യാസ (ഭേദഗതി) ആക്ടിലെ നിബന്ധനകൾ ആവശ്യമുള്ള കുടികിടപ്പുകാരെ സംബന്ധിച്ചിടത്തോളം ഇങ്ങിനെയുള്ള പ്രവൃത്തിക്കാരുടെ സംരക്ഷിക്കാതെ നടപ്പില്ല.

കൈത്തൊഴിൽകാരുടെ ഒരുവലിയ തൊഴിൽശാലകളും ഏറെയും ഒരുപ്രദേശത്തായി സ്ഥിതിചെയ്യുന്നതിനാലും, കുടികളുടെയും അടിയാന്മാരുടെയും, പ്രത്യേകിച്ചും അവരുടെ കുട്ടികളുടെയും, പ്രവൃത്തിയെടുപ്പിച്ച് ലാഭമുണ്ടാക്കുന്നതിൽ യജമാനന്മാർ കാണിക്കുന്നുണ്ടെന്നുള്ള കുപ്രസിദ്ധി നേടിയിട്ടുള്ളവരാണെന്നും എല്ലാവർക്കും നല്ലപോലെ അറിയുന്നതാണ്. ഇതു തൊഴിലാളികളുടെ ആരോഗ്യത്തിനും ഹാനികരമാണ്. പ്രവൃത്തിക്കാർ എല്ലാ സമയത്തും യജമാനന്മാർക്കു കടപ്പെട്ടിരിക്കയാലും, പണം മുൻകൂർ കിട്ടുന്നതിനാൽ അവർ യജമാനന്മാരുടെ കയ്യാൽക്കീഴിലുള്ള ആളുകളിലധികമായതിനാലും, പ്രവൃത്തിക്കാർ യജമാനന്മാരുടെ ബന്ധനത്തിലിരിക്കുന്നു അടിമകളാണ്. ഇങ്ങിനെയുള്ള എല്ലാ ന്യൂനതകളും പരിഹരിക്കുന്ന ഒരു നിയമം ആവശ്യമാണെന്നു കണ്ടിരിക്കുന്നു.

അതിനാൽ, ഒരു നിയമം വേഗത്തിൽ 2ാളുണ്ടാക്കുവാൻ സാധിക്കുമെന്നും രാജ്യത്തിന്റെ ശ്രേയസ്സിനും വ്യവസായികമായും സാമ്പത്തികമായുമുള്ള പുരോഗതിയെ സഹായിപ്പാനും ഉദ്ദേശിച്ചിട്ടുള്ളതാണ്.

1934 ലെ മദിരാശി കടക്കാർ സംരക്ഷണ ആക്ട്, ഒരു പ്രത്യേക ആവശ്യത്തിന്നായി, ഭേദഗതി ചെയ്യുന്നതു യുക്തമായിരിക്കയാലും ; ഒരു ആക്ട് പാസ്സാക്കുന്നതിന്നു ഗവർണ്ണർ ജനറലുടെ മുൻകൂട്ടി യുള്ള അനുമതി സിദ്ധിച്ചിരിക്കയാലും ;

ഇതിനാൽ താഴെ പറയുംപ്രകാരം നിയമിച്ചിരിക്കുന്നു :—

1. ഒരു ആക്ടിന്നു 1936 ലെ മദിരാശി കടക്കാർ സംരക്ഷണ (ഭേദഗതി) ആക്ട് എന്ന പേർ പറയാം.

മദിരാശി കടക്കാർ സംരക്ഷണ ആക്ട് കടത്തുറപ്പിക്കയിൽ കവിഞ്ഞ കടം വായ്പകൾക്കുമാത്രം സംബന്ധിക്കുന്നതാണു. അതിൽ കടം വായ്പയും മടിപ്പിച്ചുത്തവയുമായ കടം വായ്പകളിന്മേൽ ഏറ്റവും കവിഞ്ഞതു മുമ്പത്തെടുന്ന പലിശ നിരക്കുകൾ യഥാക്രമം 9 - ാ 15 - ാ ശതമാനമായിരിക്കണമെന്നു നിർണ്ണയിച്ചുകൊണ്ടു ഇടയിടെ ഉണ്ടാക്കിയ ഭേദഗതി ചെയ്യുന്ന നിയമവ്യവസ്ഥയും അതുതുല്യമായ കടം വായ്പകൾ മാത്രം സംബന്ധിക്കുന്നു. കടം വായ്പയുടെ സംഖ്യക്കു കുറഞ്ഞിനു ഒരു അതിർ വെക്കുന്നതു അനാവശ്യവും, അനിഷ്ടം കവിഞ്ഞ സംഖ്യകളുള്ള കടം വായ്പകളുടെ സംഗതികളിൽ കടക്കാർക്കു ആശ്വാസമുള്ള സ്ഥലം അന്യായമായി ഇല്ലാതാക്കുന്നതിന്നിടയാക്കിത്തീർക്കുന്നതുമാണു്. അതിനാലാണു ഒരു ബിൽ ആവശ്യമായി വന്നിരിക്കുന്നതു്.
